

## Middle School Online Summer Enrichment Program

The Piedmont School is happy to announce that we will be offering a few middle school elective courses during our summer enrichment program. The classes will be offered for rising 7th-rising 8th grade students and will be presented in a completely online format.

**Dates:** June 15- July 31 (Building closed June 29-July 3, but courses still available to access from home)

**Cost:** \$350

**Requirements:** Meet with advisor on campus a minimum of once per week during session. Office schedule will be posted once registration is completed and advisor will be available two days a week.

\*All work will be completed at home on your computer (must have Chrome browser on desktop or laptop, must have updated java and adobe reader, most tablets are not compatible). Students will need access to an email account, or they may use a parent's email account if you prefer. Times will be flexible to accommodate your summer schedule. Advisor will be available via email at other times.

\*Only **one** course may be taken per student in this summer session.

### **Courses offered:**

\***Family and Consumer Science**

\***World Language Survey**

\***Career Explorations**

\***Photography**
